Luminox named Official Partner of ICE-SAR

Luminox watches are designed and produced to go where few people would think of taking a high-quality timepiece. The Icelandic Association for Search and Rescue (ICE-SAR) goes to just these places in their appointed duties and Luminox watches are now part of the essential gear for all 93 ICE-SAR teams.

For further information about the Luminox ICE-SAR
or any of the Luminox collections, please contact:
